

# A Lesson From the Clock

A CLOCK that strikes is better than a non-striking clock. It tells us the time through our ears as well as through our eyes. It saves our steps. It signals, spurs us, speaks to us in the dark and from far away. It is useful far beyond the usefulness of the silent clock.

So with a business that advertises. A shop or store that sends out its message to us in the form of advertisements in our newspaper serves us far beyond the shop or store that is silent---that must be visited before its service or merchandise can be known.

The shop or store that advertises saves our time and money, etc. Speaks to us at the right time, rouses us to attention, and stirs us to action. We buy more as the result of advertising, and we buy from advertisers.

## To The Merchants of Red Deer

Put a striker---an attention-getter, an arouser, a stimulator---on your business. In other words---advertise. Strike often and regularly by weekly advertisements in the Weekly News.

### Fort Douaumont in German Hands but Surrounded by French

Two Thousand Hun Troops Hold Post--No Effort Will Be Made to Rout Them

New York, March 2.—A dispatch to the Tribune from Paris says:

"In the attack on Douaumont the fort changed hands four times, until finally the Breton corps was brought into action. They charged with irresistible force through a storm of German shells, routed the famous Brandenburger corps, and drove the Germans back beyond the village of Douaumont, north of the fort.

"Two thousand Brandenburger remain in the fort, which is now well within the French lines. The French are not wasting their time or their lives in attacking them, but have placed a guard to watch until hunger brings the Germans out to surrender."

London, March 3.—Around the village of Douaumont, which is in the hands of the Germans, is raging a battle of great intensity. Having captured the village and extended their lines west and south the Germans were forced to give ground before vicious attacks of the French, who regained part of the terrain they had lost. The fighting here is proceeding unabated.

From the region of Malancourt, west of the Meuse, to the Woerwre region, east of Verdun, the bombardments are of a violent character, the Germans endeavoring to force their way closer to the fortress of Verdun and the French tenaciously striving to hold them back. Several assembly points of the Germans have been vigorously shelled by the French, especially in the vicinity of Beaumont.

The Germans admit that in the region of Xpous the British recaptured the positions the Germans took from them February 14, but say they were immediately driven out of most of them. The British however declare that they have consolidated these positions.

### Delburne

A branch of the Returned Soldiers Bureau was organized in Delburne last Monday evening. A president, secretary and a standing committee were appointed. The duty of this bureau is to look after the wounded soldiers of this district.

Councillors Kirkeberg and Ross and Secretary-Treasurer T. J. Moore were delegates to the Convention of Rural Municipalities held in Edmonton last week.

Mr. J. Brumpton has had quite a severe attack of quinsy at the corner of his mouth, which is in the neck now and expects to be at work again in a few days.

The ladies who got up the dance in the school last week, were able to hand over to the Red Cross society \$15.00 for Red Cross work.

The dance was a very pleasant one and carried out in a very efficient way, everyone having a good time.

Miss Hayes who is attending the Camrose Normal School, spent Sunday in town with her sister.

Mrs. Paxton and Mrs. Maynard are delegates to the Women's Institute Convention to be held in Edmonton at the Macdonald Hotel next week.

Mr. W. G. Gillespie of Calgary was in town on Friday in the interests of the Canada Security Hall Assurance Company.

The W.C.T.U. held a parlor meeting at the home of Mrs. John Hardy last Friday afternoon. Mrs. Livingstone organizer of this Society addressed the meeting. A ten cent tea followed, funds to be used for W.C.T.U. work. Mrs. Livingstone also gave an address at the Y.P.S. in the Methodist church Friday evening.

The son of Mr. Theo. Karp is suffering from a severe attack of the disease brought on by the bite of his stocking penetrating a blister on his heel. The little fellow has been unconscious for a couple of days.

### I. O. D. E.

The Admiral Sir C. Cradock Chapter of the Daughters of the Empire, in Red Deer would like to bring the work for the Red Cross and general work among the soldiers before the people very forcibly. The Chapter did very excellent work last year, but the number of workers have increased so much at the Red Cross rooms, that more money than in the past will have to be raised every month, to the Red Cross Committee. There is not enough material provided and we understand workers have to be turned away for lack of material. Nearly \$300 was made on Red Cross day and this will be forwarded in cash to the Provincial Red Cross, but to give work calls for possibly \$100 a month.

In addition to this our Military Hospital here requires some assistance, and a sinking fund has been set up in the Chapter to give temporary assistance to returned invalid soldiers belonging to Red Deer.

The Y.M.C.A. work in training camps and the trunks and recreation rooms have to be assisted, so we would appeal to both women's and men's organizations in the city and to every person individually to put forward every effort to assist at this critical time in our Nation's history. It may prevent suffering and death possibly and we will at least feel we have left nothing undone to assist in helping all of the different schemes to ally suffering and help keep the spirits of our brave soldiers who are in training or at the front fighting our battles for our national existence—Any communications will kindly be sent to the recent, Mrs. Pentland Lindsay, the Secretary Mrs. Carswell, of the I.O.D.E. Red Deer or Mrs. Simpson, Secretary of the Red Cross Committee.

### Wedding Bells

An event of unusual interest took place at the Indian Industrial School on Wednesday morning, March 1st, at eight o'clock, when Miss Gertrude Hefnaly and Mr. Claude Bills, both members of the staff were united in marriage. Miss Story and Mr. League acted as bridesmaid and groomsmen. The ceremony was performed by Rev. Prineval Woods-worth in the presence of the staff and pupils of the school, taking place in the schoolroom, which had been beautifully decorated for the occasion by Mr. Dodson and his wife, with the assistance of some of the boys. Immediately after the ceremony the bridal pair received congratulations in the staff reception room while the children were at breakfast and enjoying also a treat of oranges and peanuts provided by the bridegroom. Then followed the wedding breakfast proper in the staff dining room to which all the grown-ups were invited. The room presented a very festive appearance. The color scheme here was white and gold. A fifty pound three-story cake—made and decorated by the bride who is an artist in this line—graced the centre of the table, and as a finish to a sumptuous meal, was cut by the bride, assisted by her maid and each of the large family of staff and children received a generous slice. Then came the toasts, the speeches a pleasant mingling of grave and gay, and showing the high esteem in which the bride couple are held. Mr. and Mrs. Bills left amid showers of rice and good wishes for a honeymoon trip to Calgary and Lethbridge, after which they will resume their duties at the school.

### 89th Hockey Team Trim All-Stars By Score of 12 to 5

C. Malcolm: Scored About Half of the Goals For the Soldiers.

In a game that was put on at the last moment Saturday night, at Calgary, the 8th Battalion defeated a team composed of stars from the different league teams. The soldiers won out by 12 goals to 5 from the All-Stars.

The soldiers played a great combination, and when Hamley and the two Malcolm scored down the ice well, it was always a score. Orley Louden played a great game for the All-Stars. The defense was a little slow in clearing, and could have broken up the combination more than once with a little effort.

C. Malcolm, R.T., started the fireworks with a nice goal in two minutes from the start.

His brother, Roy, followed him a minute later, Louden missed a good chance when he was scoring his little high. He followed the rush up with a goal a minute later.

Hamley added another for the 89th on a pass from Dexter.

Ward in goal for the All-Stars saved a still one from C. Malcolm.

H. T. Henderson and Louden came down together, Louden scoring for the All-Stars. They were followed by Warren, tying the score, three all.

The 89th not going again, and Dexter and C. Malcolm each beat Ward, giving the 8th five and the All-Stars three at half-time.

The second half was a possession down together, Louden scoring for the 89th. Louden putting three in by nice combination rushes with Dexter and Hamley.

On an offside pass Hamley added another, giving the soldiers nine goals.

R. Malcolm then broke into the goal getting back with a nice rush down the boards.

J. Reddick, of Ogden fame, for the All-Stars got into the game, and beat young Bryant on two occasions, giving the All-Stars their total goals.

Hamley then made it twelve for the 89th in the last minute of play. Owing to the cold only two 15-minute periods were played, and the score goes to show what the 89th can really do when they get going.

Eddie King handled the game alone, to the entire satisfaction of the crowd and players. Lineup: 89th

### THE STANLEY CHARGES

If the Sifton Government will only allow a Royal Commission to look into the charges made by Dr. Stanley of High River, the commission people of the Province will do the rest. There is no doubt in the minds of a large majority of the people of Alberta that the Sifton-Cross Government is guilty of improper relations with licensees of the Province. There is no doubt in the minds of the people that the Sifton-Cross government is as bad as the Saskatchewan and other governments. There is no doubt in the minds of the people at large that thousands of dollars have been paid by agents of the government to stifle prosecutions under the liquor license ordinance.

But the Sifton government will decline, we feel assured, to allow the appointment of a Royal Commission. They will make light of the charges, and they will be backed up by a solid Liberal vote in the Assembly.

The question is, will the people stand for it?

There is no doubt in our minds of the result if the people demand a proper investigation. The corrupt acts of the Sifton government are notorious, especially with regard to the license system, and a tire has come when an accounting should be made, and there is no better time than the present.

### SASKATCHEWAN SCANDAL

Mr. Scott, Premier of Saskatchewan, has taken the extraordinary course of advising Sir Wilfrid Laurier, leader of the Opposition in Parliament, that in the Legislature of the Western province, Mr. Calder, a member of the ministry, had charged that on two occasions Mr. Rogers, Minister of Public Works of Canada, has sought Mr. Calder to use his influence to stop enquiry into governmental misdoings in Manitoba. Mr. Calder further alleged that Mr. Rogers threatened to embarrass the Government of Saskatchewan if his request was not granted. Mr. Scott desired that the matter should be brought to the attention of Parliament, and, if necessary, that an investigation should be held. Mr. Scott is a clever man, says the Montreal Gazette, but somewhat extreme in his partisanship. His partisanship seems to have blinded him in the matter of the proper place to conduct an enquiry into Mr. Rogers' doings, real or alleged. If Mr. Rogers has been threatening the Saskatchewan Government or any members of it, the Saskatchewan Legislature is in session; it has members who know what their privileges are, and it can itself investigate Mr. Rogers, or anyone else who offends its dignity

or interferes with its affairs. Meanwhile, from his place in the House of Commons, Mr. Rogers has described as untrue the statements ascribed to Mr. Calder. People who know of Mr. Rogers' long experience with the politics and politicians of the western provinces will not be inclined to think he put his head in the lion's mouth in a way described by Mr. Scott. The situation rather suggests that some of the Saskatchewan ministers find themselves to be in a difficult position and are trying to turn public attention away from themselves. The province has a population not, at most, greatly over six hundred thousand. Its annual expenditures are on a scale that would be large for double the number of people. For the coming year, according to telegraphed reports, the Government proposes to spend \$8,829,000, though its revenue is expected to be only \$6,846,000. It has nearly two million dollars more than its prospective income to raise, and if the people can have their attention diverted to some other topic, the less explaining of its extravagance will it have to do. Then members of the Legislature have been charged with taking bribes from men interested in measures which have been made law. Also it has been alleged that large sums of money voted for road improvement have been taken from the treasury without work being done to justify the outlay. The contractors are alleged to have been mythical persons, and their agent, who could prove that they were real and received the money, has thought it well to disappear for the moment. Men who are political enemies of the Government of Saskatchewan, and who may be untruthful, say that there has been going on in Saskatchewan the same kind of business that brought about the overthrow of the late Government in Manitoba. The Saskatchewan ministers would be doing more for themselves and their party by going forward with their duty, making the truth clear, and punishing any who may be guilty, than by attacking ministers at Ottawa. The public is not as easily fooled now as at one time some people thought it was.

### A LESSON ABOUT FREE WHEAT

(Calgary News Telegram)

According to the deductions of the Edmonton Bulletin, the fact that American farmers are strongly opposed to Canadian wheat entering the United States free of duty is proof that the American market has some advantages for Canadian wheat growers, and is a good reason why the western farmers should want to get into that market free of duty. However, The News-Telegram would draw an entirely different conclusion from the opposition of the U. S. farmers of the Northern States. If the free entry of Canadian wheat into the American markets would result in any disadvantage to the American farmer, it is only natural to assume that it would be because the opening of the U. S. market to Canadian wheat would reduce prices across the line. And, if the opening of the American market to Canadian wheat would reduce prices in the United States, of what financial advantage would that market be to Canadian wheat growers? The inference is plain that, if American prices are reduced, the Canadian farmer who would ship into the U. S. would get no increase over Canadian prices. If there is to be no increase, therefore, of what use is the American market to the Canadian farmers? It is pretty safe to say that, if American farmers are opposing free Canadian wheat because it will reduce American prices, there is no advantage in that market for Canadian farmers.

Eckville

A masquerade dance will be held in the Hall, Eckville, on St. Patrick's Day, March 17th. This is always an outstanding feature of the Eckville dances, the best of the season, and this year we hope, will be no exception. Excellent music will be provided, and prizes will be given. Don't stay away because you don't want to masquerade, we want a big crowd. Mr. M. Sestrap of Gilby, has bought out the interest of his brother at Eckville, and will take personal charge of the Eckville store. He still continues in business at Gilby, where Mr. D. Clausen will be in charge. Mr. Gust Sestrap intends visiting friends in the States, and will leave Eckville in a few days. The Leap-Year dance could not be called a success, owing no doubt to the severe weather, however those present enjoyed themselves, and the excellent supper provided by Mrs. D. Clausen was some compensation. Don't forget the dance on the 17th of Ireland. George Story, who was representing H. Trimble at Eckville, has returned to Lacombe.

COLD SORES**

Are your hands chapped, cracked, or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, or chilblains, which at times makes it agony to go about your duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin.

Miss B. Strojka, of East Hantsford, N.S., writes: "My hands were so badly chapped I was unable to put them in water. All remedies failed to heal until I tried Zam-Buk. Perseverance with this balm completely healed the sores."

Zam-Buk heals cuts, burns, bruises, cold sores, frost bites, and all skin diseases and injuries. It is a substitute. At all druggists and stores. See box.

**TENDERS**

SEALED TENDERS marked "For Mounted Police Provisions and Light Supplies, Provinces of Alberta and Saskatchewan," and addressed to the undersigned, will be received up to noon on Thursday, 10th March, 1916. Printed forms of tender containing full information as to the articles and quantity required may be had on application at any of the Mounted Police posts in the Province or at the office of the undersigned. No tender will be received unless made on such printed forms. The lowest or any tender not necessarily accepted.

Each tender must be accompanied by an accepted Canadian bank cheque or draft for an amount equal to 5 p.c. of the total value of the articles tendered for, which will be forfeited if the party declines to enter into a contract when called upon to do so or if he fails to complete the service contracted for. If the tender is not accepted the cheque will be returned. No payment will be made to newspaper inserting this advertisement without authority having been first obtained.

**Natural History Society**

A meeting of the Alberta Natural History Society was held in the City Hall on February 25th. Ten members were present.

Following the example of last year it was resolved that prizes be presented to those children of the Red Deer schools who formed the best collection of Natural History objects or write composition on the above subject.

A committee was elected to arrange a list of books on Natural History, suitable for adults and children to be added to the Public Library.

A certain amount of work was done in regard to the check-list of birds, which will be completed and brought up to date, as soon as possible.

Intending members should communicate with the Secretary-Treasurer, Mr. C. B. Horsburgh, 128 Waskasoo Avenue. Annual fee 25 cents.

The next meeting of the Alberta Natural History Society will be held in the City Hall, on Friday, March 31st, at 7.30 p.m.

Edwell Local Union

C. F. A. 53

As arranged, this local union held its 1st meeting in the Willowdale schoolhouse, when the Vice-President and Secretary attended there for the purpose on Wednesday evening, Feb. 23rd, but, strange to tell, only four of the live members from the Willowdale district showed up. However, the meeting proceeded as planned for a while, when the only light, viz.: a lantern brought by one of the members to light himself and from the school, went out, consequently the meeting came to an abrupt termination. The officers and members who attended spent quite a time, (like Diogenes) looking for the school lamps, which were conspicuous by their absence. Doubtless the janitor had taken them home to clean, and had forgotten to bring them back. However, better luck next time. The meeting will be held in the Edwell schoolhouse on Wednesday evening, March 8th, at 7.30 p.m., when a paper will be contributed by the Secretary on rural homes, same having been postponed from this meeting. All members and ladies are requested to attend.

**Penhold News**

Mr. and Mrs. Tom Stewart have returned from the East where they spent the past three months.

February 24th, 1st of the New Year, was not supported as it might have been. The people do not appear to have understood that the Red Cross would have cancelled without loss to them. However, \$22.00 was handed to the Secretary.

The Red Cross sewing meeting will be held at the home of Mrs. J. J. J. on Thursday next, and it is to be hoped there will be a good attendance.

A Leap Year Entertainment was given in aid of the Presbyterian Manse in the Milling Company's hall. The sum of \$42 was raised, so we hear. The programme was very good, but the hall was extremely cold. A good hall would be a benefit to the town.

**Progress by Russians**

Petrograd, March 3.—It is officially announced that the Russians have captured Bitlis, Turkish Armenia, about 110 miles south of Erzerum, near the southwestern extremity of Lake Van. The city was taken by assault.

The war office to-day made public the following official communication: "Western (Russian) front: The enemy attempted an offensive in the district north of Erzerum, but was dispersed by our artillery."

"Caucasian front: Our troops continue the pursuit of the TURKS. The fighting in this district is proceeding under exceptional difficulties, owing to the complete disorganization of the roads, the severe frost and deep snow."

"The news has just arrived that our troops last night carried by assault Bitlis, capturing six cannons. Among the Turkish prisoners are seventeen officers, including General Bitlis, is a city of some 35,000 inhabitants, and is the capital of the vilayet of the same name. It has numerous mosques and convents of dancing dervishes. It stands at an altitude of 4,700 feet above sea level."

**Bitlis Taken in Snowstorm**

Turkish Stronghold Captured by Russians Without Firing a Shot

Petrograd, March 5.—The following official communication regarding the capture of Bitlis in Turkish Armenia has been issued by the War Office:

"Details of the capture of Bitlis show that our troops attacked the position without firing a shot. The attack was made at night during a snowstorm. About 3 o'clock in the morning a bayonet charge was ordered and the Turks, after a desperate resistance, were dislodged. The Turkish artillery position was stormed after hand-to-hand fighting as a result of which the defenders, who fought with the greatest desperation, were all killed."

"On the position and in the pursuit of the enemy we captured twenty guns of the latest Krupp type, all of which were in good condition. We also captured on the position a huge quantity of gun and rifle cartridges and in Bitlis itself a large depot of artillery munitions. During the pursuit numerous Turkish were captured. The number of prisoners has increased and includes forty officers."

## OVERSEAS CLUB

### Its Membership, Advantages and Work

Some of the soldiers who are likely to be in England before long may be interested to know about a Club in London where all overseas visitors can be sure of a cordial welcome, and to which many in the Overseas Contingents belong. The Club is called "The Overseas Club," and has its headquarters in the General Buildings, Albany, near the Strand, London, W.C. The King is the Patron, the Duke of Connaught, Vice-Patron, Lord Northcliffe, President, while among the Vice-Presidents are: Earl Grey, Lord Selborne, the Earl of Liverpool, Viscount Bryce, Lord Gladstone, the Earl of Meath, Lord Buxton, Mr. Bonar Law, Lieutenant-General Sir Baden-Powell, the President of Canada, Australia, and New Zealand, and a number of others interested in Imperial affairs. The membership of the Club is at present 135,000, including among the Overseas members many distinguished Canadians, Australians, New Zealanders, and South Africans. "There are no class distinctions in the Overseas Club," it is the motto of the brotherhood of British subjects pledged to maintain our Empire; and you will find the badge being worn by rich and poor, high and low, from every part of the Empire. That little emblem, the badge, has meant a helping hand given to thousands in the past five years. No member of the Overseas Club need ever lack a friend.

Among the privileges of members are:—The right of having their correspondence addressed to care of The Overseas Club—the use of the telephone—free service of Club's Information Bureau—free advice in legal matters—and the use of the Club premises, consisting of reading and writing rooms where visitors from every part of the world are to be found, and where many interesting friendships have been formed. Soldiers and sailors on leave from the front tell us that they find the Club room a very convenient place to meet their friends, and a very convenient place to go especially if they are strangers in London.

All British subjects, both men and women, are eligible for membership. The entrance fee, including club badge and membership fee, is only 3s. 6d. (85c.) and the annual subscription 3s. (75c.). The badge worn by members of the Club, has become one of the best known patriotic emblems in the British Empire, and hundreds of friendships have been formed through it outside, as well as inside, the Club rooms.

The funds of the Club are devoted to purposes likely to help the Empire. Since the outbreak of the war, the following are a few of the things the Club has done:—(1) Collected over \$550,000 for our soldiers and sailors. Every cent received from subscribers has been actually spent in purchasing comforts. The entire cost of organizing, clerical work, etc. has been paid out of the Club's central funds. Among other things they have provided nearly 50,000,000 cigarettes and over 80 tons of tobacco.

(2) Formed the Imperial Aircraft Fund. Fifty aeroplanes have already been presented to the Royal Flying Corps, and several more promised. The total sum collected for them is over \$25,000.

(3) Distributed nearly 300,000 pamphlets in neutral countries—printed in the language of the country—explaining why Great Britain went to war.

(4) Distributed several thousands of food parcels over 300 packages of food and clothes for the relief of the British and Belgian war prisoners.

(5) Enlarged the Club rooms for use of visitors from overseas.

The Overseas Club has three hundred Corresponding Secretaries throughout the world, and through them is able to procure information concerning local conditions in all parts of the world. This proves useful to members who emigrate to different parts of the world. The Hon. Corresponding Secretary of the Club in Red Deer is Miss Goudie of the High School staff, and names and subscription fees of 85c. may be given either to her or to Mr. Stephenson of the Gaetz-Cornett store.

Andrew Fisher, Premier of the Commonwealth of Australia, and leader of the Australian Labor Party referred to as "the greatest Club in the world."

## TORTURED BY RHEUMATISM

### Sunday School Supt. Tells How "Fruit-a-lives" Relieved

Toronto, Ont., Oct. 1st, 1915.

"I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken 'Fruit-a-lives' for 18 months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in eighteen months."

## Balmoral Patriotic Report

To Edward Michener, Esq., M.P.P., Chairman Red Deer Central Patriotic Committee.

Dear Sir,—The Balmoral Patriotic Committee have pleasure in making the following report for the year ending February 29, 1916.

About the middle of February 1915 a committee was appointed as follows:—Chairman, J. J. Gaetz; Secretary, D. McCannell; Treasurer, Mesdames Leonard, Jenkins, Higgs and Gaetz; Miss Truan and George Jenkins. The committee started work on March 1, 1915, by making a canvass of the district for monthly contributions and average of 1.15 crop. At one of their meetings about the middle of December, the ladies organized themselves into a Red Cross Committee with Mrs. McCannell added and Mrs. J. J. Gaetz as chairman. At that meeting it was decided to hold a series of social evenings at which a nominal charge would be made, as one means of raising funds. It was also further resolved to divide all funds received as follows:—One fifth each to the Belgian Relief Fund and Red Cross and three fifths to the Patriotic Fund. Following is a statement of receipts and expenditure. Where more than \$5.00 is credited to any subscriber it indicates average only or that in addition to the monthly subscription, average is included of which ten and one half acres were subscribed. These amounts also about \$25.00 to be collected on last year's list.

## Frauds in Seed Wheat

It has come to the notice of  
the Department of Agriculture that  
salesmen are going through the  
provinces selling a variety of wheat  
varieties known as Egyptian King, Seven  
Heads, Miracle, Alaska Wonder,  
Many headed, Mummy or Corn  
Wheat. These agents represent it as  
a superior kind of grain, and in or-  
der that farmers may know what they  
are buying, the Department offers the  
following information.  
Experiments in different places  
have shown that this wheat is below  
Red Bird in yield and also later in  
maturing. As to quality, it is wholly  
inferior to the standard varieties  
commonly grown in the Province.  
The flour is very dark in color and  
practically useless for bread making  
purposes. The wheat, which has a  
compound or branching head, is very  
striking in appearance. This, together  
with the fact that the kernels are  
quite large, induces some farmers to  
purchase and try it as an experiment.  
Since experiments have shown it to be  
partially at least, for the purpose of  
trying out new varieties of grain, the  
Department of Agriculture feels that  
no grain grower should allow him-  
self to be imposed upon by salesmen  
offering this, or any other variety of  
grain that has not been a success at  
some experimental station.

music throughout and every  
audience member was kept on the  
edge of his seat. The program was  
well planned and the execution was  
excellent. The concert was a  
great success and the young people  
of Leslieville are to be commended

FARMERS' WEEKLY TELEGRAM

and the RED DEER NEWS for only \$1.25

Readers of this district will be pleased to learn that we have  
succeeded in arranging a clubbing offer with the Farmers' Weekly  
Telegram and that the sum of \$1.25 will pay a subscription  
to both The Red Deer News and The Farmers' Weekly Telegram  
to the end of 1916.

The Farmers' Weekly Telegram is essentially a family news-  
paper with features of interest to every member of the home. "The  
Farm and its Interests," "Sunday at Home," "The Poets Corner,"  
"Woman's Domain," "Little Men and Women," short and serial  
stories are only a few of the many features that have made The  
Farmers' Weekly Telegram the most popular weekly newspaper  
published west of the great lakes.

## Rural Municipality of Hays

The third meeting of the Council of  
the Rural Municipality of Hays No.  
338 was held on the 26th February,  
at the residence of Col. W. A. Rogers.  
All members present.  
Moved by Rowland, that the  
minutes of the last meeting be adopted  
as read. Carried.  
Moved by Kirovsky, that we are  
not in a position to give an order  
to cutters to-day, until we can as-  
sure Mr. McKenna of the Canada  
I. Culver Co., that when we are, we  
will place the order with him, and  
providing the prices and terms are  
satisfactory. Carried.  
Moved by Koss, that the report of  
the committee to Mr. Gill be laid on  
the table. Carried.  
The hour is very dark in color and  
practically useless for bread making  
purposes. The wheat, which has a  
compound or branching head, is very  
striking in appearance. This, together  
with the fact that the kernels are  
quite large, induces some farmers to  
purchase and try it as an experiment.  
Since experiments have shown it to be  
partially at least, for the purpose of  
trying out new varieties of grain, the  
Department of Agriculture feels that  
no grain grower should allow him-  
self to be imposed upon by salesmen  
offering this, or any other variety of  
grain that has not been a success at  
some experimental station.

## Leslieville

February 27, 1916  
The concert given by the young  
people of Leslieville on Thursday  
evening last was a splendid success.  
It was full of surprises from beginning  
to end. It was a veritable cyclone of  
music throughout and every  
audience member was kept on the  
edge of his seat. The program was  
well planned and the execution was  
excellent. The concert was a  
great success and the young people  
of Leslieville are to be commended  
for their efforts. The concert was

### NOTICE!

To Our Friends—For some time past we have been doing more or less of a credit business, and from our experience in that time we have found out that credit business is a bad business, and an impediment to the cash business. On and after March 7th, we will conduct a STRICTLY CASH BUSINESS only and will prove to you that Cash Business is the best, by our exceptional values.

We want everybody to pay the same, it is equally unpleasant to refuse to take cash, and we are not the unpleasantness and DO NOT ASK FOR CREDIT.
